Change in the Economic Climate has Created a Candidate Rich Environment from which Companies Can Pick, though Finding the Best Match Now More Difficult Amid High Number of Applicants - Hiring Source Simplifies the Process

HOUSTON - The premier professional placement firm of Houston, Hiring Source, has expanded its accessibility to both company executives with open positions and qualified candidates wanting to fill them, launching a new website and resource bank.

While the economic climate has had a negative impact on many aspects of society, it has provided a rich pool of candidates for companies with available positions. Though, the task of matching the right candidate to the position is particularly difficult with large numbers of applicants.

In response to this challenge, Hiring Source has honed the tools it makes available to area businesses and candidates in order to streamline the process and identify the best match amid the large number of professional candidates currently in the marketplace.

“We provide employers with ‘custom fit’ solutions for their corporate staffing needs – because in today’s conservative business climate, qualified position-specific employees are essential in maximizing the company’s potential,” said company President Jennifer Briscoe, a certified personnel consultant (CPC) and certified temporary staffing specialist (CTS).

“Our new website and resource bank are part of our ongoing effort to simplify the process for clients and streamline the steps to candidate selection. These tools translate into faster fulfillment – and minimal disruption for companies,” Briscoe added.

Recognized as a top performer in her field, Briscoe and her team provide talent for administrative, accounting, legal, human resources and sales/marketing positions for some of Houston’s most prestigious companies.

With over 15 years of experience in the placement industry, Briscoe and her company have earned top performer awards from the Texas Area Association of Personnel Consultants and the Houston Area Association of Personnel Consultants.
